### STEWARDS DECISION No 1

The Stewards of the Meeting having been informed that heavy rain showers covered SS 2, 3 and 4.

**Session:** SS 2, 3 and 4

**Facts:** Stewards having received informations of marshals reporting difficult conditions on the stages due unexpected water and mud.

**Decision:** In accordance of Art 11.9 of the ISC, to accept for safety reasons hand-cutted tyres for all competitors only on SS 6, 7 and 8.

**Reason:** The stages will be driven with beginning dark. The teams have no chance to get detailed information about conditions on the stages before the start.

As all remaining competitors are Czech and the Czech National regulations permit hand cutting, the Stewards don't see any disadvantage.
