	Appendix 5 – service park map	

Dear competitors friends,

we will meet again at the Rallye Český Krumlov in 2025, which will celebrate its 52nd edition since 1971.

52. Rallye Český Krumlov will be the second event of this year's FIA European Rally Trophy series and the second in the national classification of the Autoclub Czech Rally Championship, the Autoclub Rally Challenge and the Czech Historic Car Rally Championship. The event will take place on 23 and 24 May in the regions of Český Krumlov and České Budějovice, with competing crews welcome from Wednesday 21 May for registration

The headquarters is located in Český Krumlov, the media centre and service park will be located in the exhibition area in České Budějovice. The distinct advantages of the České Budějovice exhibition centre are the combination of a full-service park with a spectator stage, České Budějovice and the surrounding area also have good accommodation facilities and it is an attractive catchment area in terms of visitor numbers.

The Český Krumlov Rally takes place in an attractive location of the Czech Republic and passes through many tourist areas of the South Bohemia Region. For many competing crews, it is the most popular rally due to the nature of the asphalt courses with many changes of rhythm, many horizons and jumps as well as freshly overgrown roadsides in the unpredictable spring weather.

This year we have gone back to the difficulty of the tracks, with Friday's route featuring only five special stages, with the spectator attraction being the test at the České Budějovice Exhibition Centre, where fans of fast bikes can also visit the technical approval, shakedown and service zones. The drivers, however, will be able to enjoy a double passage through the almost 25-kilometre special stage, with the change zone being the only one to be seen. Saturday's stage will begin with a 45-minute morning service, after which the drivers will complete six more classic stages, which will be divided by a spectator super-special stages at the České Budějovice Exhibition Centre. The most demanding test for the crews will be the legendary Malonty stage, which, with more than 26 kilometres of track, is one of the jewels of this year's competition season and will be included at the very end of the rally.

After a long and demanding Saturday, the winners will be announced at the finish ramp under the castle in Český Krumlov at 20:00.

The organisers, ÚAMK Automotoklub Český Krumlov and ČK motorsport, have based their rally on last year's route, but by changing and combining the stages they have created a new challenge for the competitors. For the fans, the reduction in the number of stages means less choice, but there are still plenty of attractive places to watch.

We are also pleased to welcome the competitors of the historical championship, which is an integral part of the 52. Rallye Český Krumlov. The organisers are also planning an exhibition Rally Legends Show, which will be held for the sixteenth time in southern Bohemia. During the preparation of the rally, a number of accompanying activities will also take place.

Welcome to Český Krumlov for the 52nd Rallye Český Krumlov

1. INTRODUCTION - WELCOME

This rally will be run in compliance with the FIA International Sporting Code including appendices, the FIA Regional Rally Sporting Regulations including appendices, the ASN Technical Regulations (only when related to national cars), the WADA/NADA Codes and the FIA Anti-Doping Regulations, as amended from time to time. The National Road Traffic Regulations shall apply. Unless provided otherwise by these Supplementary Regulations, the provisions of the above Rules and Regulations shall apply.

Modifications, amendments and/or changes to these Supplementary Regulations will be announced only by numbered and dated Bulletins (issued by the organiser or the Stewards).

The FIA Regional Rally Championships Sporting Regulations can be found at:
<https://www.fia.com/regulation/category/117>

The various documents will be written in English and Czech. In case of any discrepancy the English text will be binding.

1.1 HISTORY

1.1.1 EVENT HISTORY

Rallye Český Krumlov has a long and rich history. It was held for the first time in 1971 as an amateur competition and improved its status in the following years. Later it obtained a regional status and became one of the best national rally in the country.

There was a short break between 1982 and 1983, as the organizers voiced their discontent with the situation when the number of the competitions was lowered. So the restart had to begin from the bottom as a regional contest in 1984 again. The quality of the track, organizers and its popularity among the supporters resulted in a return of Rallye Český Krumlov to the national championship.

After the 1990, the best tradition continued and Rallye Český Krumlov remained between the top Czech competitions. Motor Jikov České Budějovice was the main partner for the first five years, than Import Volkswagen Group took over. The rally was associated with Volkswagen from 1996 to 2001, when it was replaced by Seat division. The last one with Import Volkswagen Group s.r.o., Prague on board came in 33rd edition in 2005, when the 10-year-long partnership was ended.

Rallye Český Krumlov belongs among three of the oldest Czech rally competitions together with Barum Czech Rally Zlín and Rallye Šumava Klatovy with 51 successful editions throughout four decades in the books. Historic Rally is an important part of Rallye Český Krumlov for some time. The organizers can be proud for being the first to establish demonstrative veteran car parade on the Czech tracks in 2007.

In 2009, FIA assigned European Cup to Český Krumlov and it was soon followed by European Trophy. Every year, Rallye Český Krumlov is one of the highest rated competitions in FIA European Rally Cup / Trophy calendar.

Another setback occurred in 2020, when the planned 48th edition did not take place due to the coronavirus pandemic. This affected the following year's edition. The organisers postponed the May event until late autumn and held the postponed 48th edition on 12-14 November, which was a success and included the culmination of the Regional Rally Cup, a joint event of the Austrian Jänner Rally and the Rallye Český Krumlov. The following year, the Rallye Český Krumlov returned to its traditional May date with flowering landscapes and overgrown roadsides.

In such a rich history, many of the best Czech and Czechoslovak drivers took part in the Český Krumlov Rally and many of them also entered the winner's gallery. Among the most successful is the local Jiri Urban, who won in 1972 and 1976 with a Škoda 120S, while Milan Dolák is a three-time winner from 1997 to 1999 with Toyota cars. Among the most successful in the long history are two famous Czech drivers, Leo Pavlík and Ladislav Křeček, who have four victories each in the Český Krumlov Rally. Leo Pavlík won between 1978 and 1980 with the legendary Škoda 130RS and Renault 5 Alpine and in 1989 with the Audi Quattro, while Ladislav Křeček dominated in 1981 with the Škoda 130RS, in 1992 and 1993 with the Ford Sierra Cosworth and most recently in 1996 with the Ford Escort Cosworth. In 1994 and 1995, the Italians Deila and Bertone also entered the annals of winners. Václav Pech, who is still active, has also made history by winning five times so far, first twice in a row with a Ford Focus WRC in 2002 and 2003, then in 2013 and 2014 with a Mini John Cooper Works S2000, and most recently in 2021, when he switched to a 2006 Focus WRC and again with co-driver Petr Uhel only after a close battle defeated Jan Kopecký.

Until 2022, the most successful participant was Roman Kresta, who had seven victories to his credit. In recent years, however, Jan Kopecký has dominated the competition, recently competing for Škoda motorsport, which has dominated the competition since 2015 with five wins in a row. Most of the recent editions have also been a battle between Jan Kopecký, who starts in a Škoda, and Václav Pech, who has changed several makes of car over time, notably the Mini John Cooper Works S2000, Ford Fiesta R5 and Focus WRC. After exciting battles, Jan Kopecký won both 2022 and 2023, thus winning the Rallye Český Krumlov for the eighth time overall and overtaking Roman Kresta in the number of absolute victories. He can still add to his tally, but last year he

was overtaken by his long-time rival Václav Pech and especially by the new winner Dominik Stříteský. Stříteský, who was looking for revenge after a spectacular crash on the jump before Soběnov last year, had no opponents in the continuation of last year's event and, together with his co-driver Jiří Hovorka and the Škoda Fabia RS Rally 2, scored his first victory in the Rallye Český Krumlov. However, as usual in Krumlov, the battles between the leading teams were very close, as he was only 8 tenths of a second behind the strong finishing Václav Pech. Third Jan Kopecký was only 3.6 seconds behind the winner.

During the past years, the rally route has visited various places in the South Bohemia Region, but the majority of the rally always took place in the Český Krumlov district and of course it went to places in the districts of České Budějovice and Prachatice. The famous special stages of the past in the vicinity of Mount Klet' have been replaced by equally challenging sections, some of which, for example the routes near Příkladí and Malonty, have been on the itinerary in various variations since the establishment of a long history.

The popular "Malontská" special stage with a length of around 30 km is one of the most famous in the whole Czech Republic, and the "Tisovka" or "Kohout" sections can also be counted among the legends. The section between Zátoň and Rožmitál in Šumava also has an unforgettable place, variously added to other sections leading through Přídolí, Spolí or Suš. The test through Svatý Jan nad Malší with the legendary spectator passage of the farmhouse on the outskirts of the village "Col de Ján" and in recent years with a new starting point in the village of Blansko near Kaplice with a large spectator scene is also a cult place.

In 2011, for the first time, the competing drivers also visited Lipno, which for several years became a supporting location and closed the rally with an attractive afternoon programme. Thanks to the development of Lipno nad Vltavou and new asphalted roads, this section has disappeared and traditionally only the attractive section from Malšín to Kyselov is used, today with the return of the historic section from Nahořany along the Vltava.

Since the first year, the historic town of Český Krumlov has remained the centre of the rally. For several years now, the most modern cars have been starting from the car park in Deer garden with the silhouette of the vast castle and chateau of Český Krumlov behind them. The gradual bringing of the competition closer to the audience brought the competition to České Budějovice. The České Budějovice Exhibition Centre provides facilities for the entire starting field thanks to a service car park, a myriad of technical inspections, a shakedown and a spectator super special stages.

During its more than fifty-year history, the organizers interrupted the event twice, the first time in 1982-1983, the second time in 2020 due to the coronavirus pandemic, but after it they returned the Rallye Český Krumlov to the domestic and international calendar and last year they organized the 51st edition

Every year tens of thousands of spectators like to return to the surroundings of Český Krumlov to watch, in the words of many of them, the most beautiful competition of the Czech championship.

1.1.2 1.1.2 PREVIOUS WINNERS 1971 – 2024

1971	Janouch M.	Škoda 1100 MB
1972	Urban - Mareček	Škoda 120 S

 Organizer's cup
 Rally Legend

4.2 Closing date for entries

See programme in chronological order (SR Art. 3).

4.3 Entry procedure

Entries must be submitted in accordance with the FIA RRSR Art. 22 – Art. 25.
 See also FIA ISC Art. 3.8 – Art. 3.14

Entry is made only in electronic form at www.rallyekrumlov.cz.

An electronic entry application must be confirmed by way of personal signature by the competitor by the latest at administrative checks. The entry form must be accompanied by a copy of the valid competitor's licence. A change of competitor is permitted up to the close of entries. Only the competitor entered in the event will be allowed to make this request.

Foreign competitors, drivers and co-drivers must present authorisation from their ASN. (according to Art. 3.9.4 of the Code).

Applications will be confirmed by email.

An entry application (only made electronically) will be accepted only if accompanied by the total entry fees.

According to the International Sporting Code Art. 3.8.1 an entry compels the competitor to take part in the Competition in which they have been accepted to run, except in case of duly established Force Majeure.

All competitors taking part in the rally (FIA ERT) must ensure that their drivers and co-drivers sign the Driver's declaration and undertakings form

4.4 Number of competitors accepted and vehicle classes

Crews holding international driver and co-driver and competitor licences with a car according FIA rules will be automatically included to the ERT classification.

Other crews will drive in the national group and will be classified for the Czech Championship and RCH only.

4.4.1 The number of competitors shall be limited to: **130**

4.4.2 Eligible cars in ERT

See also FIA RRSR Art. 12 and 12.2 additional provisions.
Only above listed cars are eligible to score points in the FIA European Rally Trophy.

4.4.3 Eligible national cars

Nationally homologated cars may participate in this rally when they fit into a national group/class as of following list, without eligibility to score Trophy points.

4.4.3.1 Czech Rally Championship (MCR)

See also ASN National Sporting Regulations Chapter F Art. 1.2 Permitted vehicles and 1.2.4 additional provisions.

4.3.3.2 Autoklub Rally Challenge (RCH)

See also ASN National Sporting Regulations Chapter F Art. 2.2 Permitted vehicles and 2.2.4 additional provisions.

4.4.3.3 AUTOKLUB Czech Historic Sporting Rally Championship

See also ASN National Sporting Regulations National Chapter K Art. 3.2 Permitted vehicles and 3.3 Categories and classes listed

4.4.3.3 Organiser's cup:

Eligible cars: cars with national homologation (ASN homologation) or cars with valid or expired FIA homologation (FIA homologation since 1.1.1975), for which the company is not listed in the SR, can enter the Organiser's cup. Furthermore, vehicles of EU countries according to their national regulations (AMF, DMSB). Except for these, cars without national or FIA homologation are not allowed.

Obligation of the competitor for a car with foreign national homologation or for a car with FIA homologation modified according to the national regulations:

to provide the organiser with the national homologation of the car and the technical regulations according to which the car is to compete in the foreign championship at least 14 days before the entry deadline. Both documents will be immediately forwarded by the organiser to the Chief Scrutineer for verification. The Chief Scrutineer has the right to veto the approval of the application.

SPR 60.6 REMOTE SERVICE ZONES FOR HISTORIC CAR RALLY (RS HA)

60.6.1 GENERAL

Within the MČR HA and RSS HA, between two special stages there may be established remote service zones when the following conditions are met:

- it is clearly defined by the organiser in the itinerary, indicating the start and end of the zone
- it is separated from road traffic or clearly defined within the road
- it is included in the crossing time of the section
- service vehicles are allowed to park in a safe place
- ground covers must be used
- tyres carried on or in the competition car must be used
- refuelling is not allowed
- is not defined by a time control at the entry and a time control at the exit
- the vehicle may be serviced without restriction

60.6.2 HA zones must be scheduled so that the same team personnel can service these zones and the service parking area if they use the recommended routes provided. Refilling drivers' drink containers is not considered to be work on the vehicle.

60.6.3 In addition, the identical rules of Article 60.4 SPR

The organiser will issue one vehicle marking for each competition car for the transport of team personnel and relevant equipment and tools to the Remote service zones.

6. FUEL / TYRES

(See Supplementary Regulations)

60.5 TYRE FITTING AREA (TFA)

At each tyre fitting area:

- A time control at its entrance and exit must be defined.
- The target time for the TFA shall be 15 minutes.
- Any work within the TFA may **only be performed by the crew alone plus two team members per crew, but only using equipment carried on board the competing car plus a handheld computer, an extra car jack and four axle stands which may be brought by the team member.**
- The extra tyres to be used may be transported to the area in a service car and be prepared by team members to be fitted to the rally car.
- It is compulsory for all cars to pass through the tyre fitting area **and to stop at the tyre marking zone even if wheels are not changed.**
- A wheel / tyre marking and barcode reading area at which each car must stop will be established at the exit of each tyre fitting area.
- The transportation of the tyres to the TFA will be specified in the Supplementary Regulations of each rally.

– When a TFA is preceded by a regroup, a 3-minute technical zone must be arranged before the TC out of the regroup.

11. GENERAL INFORMATION

11.1 HOST CITY

11.1.1 ČESKÝ KRUMLOV is a capital of South Bohemian Český Krumlov district. The town is located 175 km south of the capital city of Prague and 25 km from České Budějovice which is the regional capital. There are about 15 000 people living in Český Krumlov.

Český Krumlov town picturesquely ranges within the Vltava river meanders. The late residential town of Rožmberk, Eggenberk and Schwarzenberk clans today attracts approximately one million visitors every year. The town annually offers more than 400 cultural events. The Český Krumlov importance as a significant cultural and historical relic was multiplied by the fact that the town has been included into the list of the UNESCO significant world relics in 1992. This unique town includes the town centre with castle and chateau as well as more than another 300 historical buildings. The monumental Český Krumlov castle and chateau seem to be one of the largest in the Central Europe. The castle is located on a longitudinal rock surrounded by Vltava river on the south part and by Polečnice stream on the west side. The castle includes forty buildings around five castle courts as well as seven hectares of castle garden. The castle was first mentioned sometimes in 1240-1242.

Every year the Český Krumlov town hosts recognized music festivals, international congresses and seminars. In addition to the historical relics the visitors may see for example the famous Egon Schiele Art Centre. The castle garden is the place to which tens of thousands of satisfied spectators come to enjoy program of the annual Theatre Summer in the open air theatre revolving auditorium the future existence of which is currently subject of frequent discussions.

The town is located in a valley surrounded by Blanský forest massif on the north side and by Šumava foothills on the south and west side. Český Krumlov town with the St. Vitus Church and the castle form unique dominant to the surrounding area.

11.1.2 ČESKÉ BUDĚJOVICE is with 93 thousands inhabitants the biggest city of the southern Bohemia and its cultural, administrative and economic centre. The universities and state institutions are also located there.

České Budějovice was founded in 1265 by Czech King Přemysl Otakar II. On the junction of Vltava and Maše. The biggest development was made in the 16th century mostly due to the silver mining in the surrounding areas and incomes coming from brewery, salt trade or fishpond cultivation. Only fires, plague, political instability and wars slowed down the rise of the town. The building of the very first horse-drawn rail in Europe from České Budějovice to Linz helped the progress of the industry. Companies like Hardtmuth that are still on business or famous breweries such as Budvar or Samson were founded at that time.

In recent years, the transport in the vicinity of České Budějovice has experienced a great boom. The D3 motorway is being built, for the time being running from the border of the South Bohemian Region from Prague to České Budějovice, and the connecting part of the motorway around Kaplice to Linz is under construction. Southwest of the town in the cadastre of the municipality Planá lies the public national and international Airport České Budějovice.

Since 2017, České Budějovice has been connected to the European waterway network via the navigable Vltava River, with the limitation that Týn nad Vltavou is for the time being restricted by a low bridge. In the centre of České Budějovice there is the Lann shipyard, in the local part of České Vrbné there is the main municipal harbour for recreational and passenger boats.

The long-distance cycling route EV7 runs through České Budějovice, which is part of the EuroVelo network of European cycling routes, and a hundred cycling routes connecting České Budějovice and Lipno nad Vltavou are gradually being built.

11.1.3 KAPLICE is a town located in a picturesque countryside on the Malše River in the North-East corner of Novohradské Mountains, 20 km from Český Krumlov and just 12 km from a border crossing to Austria.

This town was founded in the early Middle Ages, the first mention of Kaplice is in 1257 and its statute of a town dates back to the 14th century. It was founded on an important trade route connecting Upper Austria with southern Bohemia where mainly salt was transported, representing an important stopping place. Mostly German speaking population lived here, so after the post-war expulsion of Germans the population of Kaplice declined significantly. A substantial increase was recorded only during the seventies and eighties of the last century.

After the fall of the totalitarian regime and the removal of the Iron Curtain, the city turned alive with busy tourism and business, still profiting from being close to the route between Linz and Prague.

11.2 HOTEL ACCOMMODATION / RESERVATIONS

All competitors, drivers, teams and journalists, etc must make their own hotel bookings individually.

11.5 TIME

The Czech Republic lies in the same time zone as the rest of Central Europe; you will therefore be using Central European Time (GMT + one hour). The Czech Republic uses summer and winter time, and the time of day is told using the 24-hour system.

11.6 SUNRISE / SUNSET

15. 5.	5:12 / 20:45	Start of reconnaissance
17. 5.	5:10 / 20:48	1st leg
18. 5.	5:09 / 20:49	2nd leg

11.7 HOLIDAYS

Sundays, Saturdays and public holidays are days when the majority of authorities and banks are closed; on Sundays and holidays, shops are often closed as well. On the other hand, most restaurants, bars and tourist attractions usually stay open. You should remember that public transportation services are significantly limited on these days, and the intervals are much longer than on working days.

Public holidays:

New Year's Day (January 1)
 Good Friday and Easter Monday (late March or early April)
 Labor Day (May 1)
 Liberation Day (May 8)
 Feast Day of St. Cyril and St. Methodius (July 5)
 Jan Hus Day (July 6)
 Day of the Czech statehood (September 28)
 Foundation of the independent Czechoslovak State (October 28)
 Day of Students' Fight for Freedom and Democracy (November 17)
 Christmas (December 24 - 26)

School holidays

The main school holidays are in summer (July and August). Other holidays are at Christmas (usually December 23 – January 3) and in spring (one week, which varies from school to school).

11.8 TELEPHONE

The International prefix for incoming calls is +420
 Information about number of the Czech Republic 1180
 Mobile phone: +420 xxx xxx xxx
 The International prefix for outgoing calls is 00.

11.9 POWER

The electricity current is 230 V (Volt), 50 Hz
 Plugs and sockets are the same as in the continental countries of the European Union.

11.14 BORDER CROSSING

THE CZECH REPUBLIC IS NOW PART OF THE SCHENGEN ZONE

At midnight on the 20th of December 2007, the Czech Republic became a member of the so-called Schengen zone. The border posts which divided the country from its neighbours are now a thing of the past and travel in Europe just got that bit easier. Along with the Czech Republic, Estonia, Lithuania, Latvia, Poland, Hungary, Malta, Slovakia and Slovenia have also joined the previous 15 Schengen zone members.

Respect the environment

Respektujte obyvatele a jejich prostředí

Zaujměte ekologicky odpovědný přístup

Využívejte veřejnou dopravu a vytěžujte svoje auta

Neznečišťujte vodu a šetřete vodou

Tříděte svůj odpad

Používejte odpadkové koše

Nevjíždějte na lesní cesty

Neparkujte v lese

V našich lesích:

Zákaz kouření

Zákaz rozdělávání ohňů

Zákaz znečišťování lesa

Zákaz táboření

Organizátoři Rallye Český Krumlov se zapojili do obnovy lesů na území spravovaném Lesy ČR.
